FILE 2: ADMINISTRATIVE CORRESPONDENCE AND SECRETARIAL WORK (25MKS)

Activity 1: Definition of terms (1mkx5 = 5 mks)

Define the following terms:

- Title
- Communication
- Stamp
- Form of address
- Attributes

Activity 2: CASE STUDIES (20 mks)

Case 1: Registering a letter (10 mks)

Today you receive a young Cameroonian looking for a job. He gives you a document on which his personal details, skills, experience and suitability for service are recorded.

Task:

- Name the letter you have been given **(2mks)**
- Write and present a handwritten draft of a letter from another young jobseeker. Here is his information:

Mr ATEBA Jean Jacques, c/o Mr BENGONO Emile, P.O BOX: **12, BERTOUA.** He is applying for a job as a sales assistant in your organisation. He has an ACC Baccalaureate, marketing option. He has 2 (two) years' professional experience. He intends to serve with dedication if his application is considered.

NOTE: Do not forget the attachments ((content: 4 mks and form: (2 mks) = 6 mks)

- Register this letter in the '**Incoming – mail**' register. Use **Annex 4 (2 mks)**

NOTE: The last letter registered was No.45

- Date: that of the examination day

Case 2: Standard presentation of a Business letter (10 MKs)

When we checked the items ordered, we were surprised to find that we had been delivered Compact Disk videos instead of Digital Video Disk videos, as indicated on the attached delivery note. The Executive Director, Mr KAMTA. However, we would be willing to keep the VCDs on condition that you grant us a 10% discount. PAYSAGE ELECTRONIC, P.O. BOX: 69 DIMAKO. Your references: MMG/DT/15, our references TC/AB/100. Subject to be determined. Attachments: 1 Delivery note. Date; day of examination. Your delivery of 29 last relating to our order no. 7 reached us well and we thank you for it. We hope that this damage will be repaired promptly. Yours faithfully,

Task:

- Present this business letter in accordance with the standard **(10 mks)**
- **Use Annex 5.**

FILE 3: COMMUNICATION TOOLS AND TECHNIQUES (25 mks)

Activity 1: Definition of terms (1mkx5 = 5 mks)

Define the following terms:

- Reception
- Codification
- File
- Communication
- Sender

Activity 2: CASE STUDIES (20 mks)

Case 1: Complete the table in Annex 6 after analysing the text below (6 mks)

Your organisation's welcome charter stipulates the social codes as follows: the hostess or host who is in charge of the welcome must wear a humble outfit capable of delivering the company's first message. The expression on their face and the intonation of their voice should convey a certain empathy. They should smile. Gestures should be measured and body posture should not be inward-looking. Presentation should be meticulous (appropriate make-up and hairstyle). Neutrality and discretion are essential. The voice should be calm, the tone moderate and sympathetic, and the eyes focused on the person you are talking to.

Case 2: Communication situation (8 mks)

Task no.1: Circle the correct answer. Use Annex 7 (4 mks)

Task 2: Complete the table in Annex 8 (3 mks)

Case 3: THE MAJOR AREAS OF COMMUNICATION (7 Mks)

Communication tools fall under three main areas:

- Information technology: automated data processing using computers;
- Office automation: application of new techniques to office activities, in particular to the processing of information in text form (and possibly images);
- Telematics: all the techniques which simultaneously use information technology (computers and peripherals) and telecommunications to transmit data, text, images and sound.

Task: Complete the table in **Annex 9** **(1mkx5 = 5mks)**

Annex 3 TO BE RETURNED WITH THE COPY
